DISTANCE TO COMBUSTIBLE MATERIALS: 14" sides and back | 36" front

NON-COMBUSTIBLE FLOOR PROTECTION DIMENSIONS: 30" x 36"

INSTRUCTIONS:
- Do not overfill the air space or other materials.
- Use with natural lump charcoal.

WARNING:
- Inglesson EGG twice monthly and clean when necessary.
- Install and use the unit according to the manufacturer's instructions.
- Consult local building officials or fire officials about restrictions and installation inspection in your area.

CAUTION:
- Do not intensify the fire: If flames spew from the EGG, it indicates excessive heat. To reduce the risk of creosote fire: Inspect EGG twice monthly and clean when necessary.
- Do not overfill – When flame spills from the EGG, you are overfilling.

INTEGRAL VENTILATION:
- The Big Green Egg is to be provided with an exhaust hood tested for compliance with the National Building Code of Canada and the National Fire Code of Canada, or the requirements in the Standard for Exhaust Hoods for Commercial Cooking Equipment, UL 710.

COMMERCIAL USE REQUIREMENTS AND WARNINGS
- The Big Green Egg must be provided with a tested exhaust hood for compliance with the building code of Canada and fire prevention code of Canada, or with the requirements of CAN/ULC-S646.

See the manufacturer's installation and operation instructions for precautions, clearances, and ventilation supplier's minimum required airflow requirements.
